EDUCATION

California Institute of Technology (Caltech), Pasadena, CA, US

2024-2028 Bachelors of Applied Science - BASc
Dual majors in Chemical Engineering (Process track) and Business Economics and Management (BEM)

The Kings School Canterbury, Kent, UK

2019 - 2024 High School diploma (A-Levels) in Maths, Further Maths, Physics, Chemistry

EXPERIENCE

Research Intern at UC Davis Robert Mondavi Institute for Wine and Food Science iCAMP (Integrative Center for Alternative Meat & Protein), Davis CA

July 2025 - August 2025

Conducting cultivated meat research. Testing for FBS (Fetal Bovine Serum) free medias, and creating scaffolds out of different materials to replicate textures via Textural profile analysis.

Research Intern at the Institute for Functional Intelligent Materials at the National University of Singapore (NUS I-FIM), Singapore

March 2024 - April 2024

Research Intern, invited by Professor Konstantin Novoselov (2010 Nobel Prize in Physics) to intern under Dr Maxim Rybin to synthesize graphene via Chemical Vapour Deposition (CVD)

Teaching Assistant, Caltech

September 2024 -

Teaching assistant for the caltech cooking class under Tom Mannion

General Manager of cook.enterprise, Kent, UK

November 2022 - April 2023

Selected to lead a team of 17 students to compete in the Young Enterprise UK competition. Winning the Kent Finals best company award. Created a student focused cookbook. For photos and design of the cookbook, check instagram: [cook.enterprise](https://www.instagram.com/cook.enterprise)

Stage/shadow at Michelin Starred restaurants

July 2021 -

Staged at numerous Michelin starred restaurants and trained under multiple chefs (totalling 42 stars), including The Fat Duck, Ecriture HK, The Clove Club and Core by Clare Smyth. My cooking record is on instagram: [curtislee0617](https://www.instagram.com/curtislee0617)

AWARDS

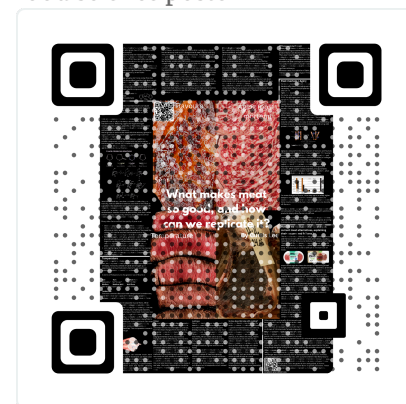

Gold award Cambridge chemistry challenge lower sixth 2023

Gold award Senior Physics Challenge 2023 by BPhO

RSC UK Chemistry Olympiad 2024 Gold Award

PROJECTS/PUBLICATIONS

Tonbridge science conference Food science poster

LANGUAGES

Native fluency - English, Cantonese, Mandarin.
Elementary proficiency - French
